

Exterior Waterborne Polyurethane

Sirca's exterior waterborne systems provide a beautiful aesthetic for architectural woodwork.

The exterior impregnators and coatings give long lasting protection against harsh environmental conditions while maintaining the pristine appearance.

PRODUCT ADVANTAGES:

- Ultimate flexibility for longevity
- Easy application methods
- Impregnating stains available
- Protection against mold, fungus, & insects
- Superior vertical hang
- Formaldehyde free
- Great clarity

Sirca Exterior Waterborne Polyurethanes are ideal for:

- *Exterior Doors*
- *Exterior Windows*
- *Exterior millwork*
- *Exterior Shutters*
- *Exterior Cabinetry*

Sirca North America is proud to offer world class Italian Coating Technologies, Service and Support.
